

PIVOT

v061223

You spin me round like a record baby.

The Pivot chair makes it easy to enjoy everything about a space. Your visitors can indulge in the busy scene in front of them or spin themselves around and enjoy the serene world behind them. Or, they can chat with a group of friends in one seating area, and when the game on the big screen gets exciting, pivot right around to cheer for their team.

Save Time, Money, and the Environment.

We know life can be hard and messy. On any given day, those chairs and sofas in your lounge, lobby, or common area might be seats, beds, tables, footrests, and even trampolines. You can relax knowing every piece of Transformations Furniture is built to last, comes with a 15- or 35-year warranty, and is 100% renewable upholstered seating. When the inevitable spills, scuffs, scratches, and worse happen, simply clean the covers or repair or replace a damaged part or cover in just a few minutes—no tools required. Want a new look? Simply recover a few pieces and transform your space with the Keep-It program.

**PIVOT
PT-C
CHAIR**
38" W X 34" D X 30" H
