

# RISE

## Elevate your space.

Introducing Rise, the furniture collection that will take your seating to new heights. Each piece, ranging from chair to sectional, features a contemporary, minimalist design with an added touch of style and sophistication. Its elegant, tall legs look like wood, but have the strength of metal. Smooth silhouettes round out this exceptional collection and ensure it will seamlessly blend into any space, from larger common areas to smaller dorms and offices.

RISE SL

## Rise-SL Specifications

### BACK

The back frame is constructed with 3/4" engineered paneling with the support system constructed of 11-gauge sinuous wire linked together with a 12-gauge tie wire. The back support system is covered with woven material and high-density polymeric foam. The outside back of the frame is covered with woven material and an additional piece of high-density polymeric foam. The back frame is secured to the base frame with patented metal brackets attached to the base frame with metal-to-metal connections.

### BASE

The base frame is constructed of 3/4" engineered paneling. The Legs are attached with steel plates and tubes. Legs use plastic non-marking glides.

### ARM

Arm frames are constructed of 3/4" engineered paneling. The frames are covered utilizing 80-point chipboard and high-density polymeric foam. The frames are secured to the base frame with patented metal brackets attached to the base frame with metal-to-metal connections.

### SEAT

Seat cushions are constructed of high-density, polymeric foam.

### UPHOLSTERY

All upholstery offerings conform to California Technical Bulletin 117 fire code standard. All estimated yardage quotes are based on 54" non-matched, solid color material unless otherwise specified. Additional yardage and matching fees may apply.

### MOISTURE BARRIER

Foam is wrapped with laminated, polyurethane, moisture-barrier.

### ASSEMBLY AND DISASSEMBLY

All components can be disassembled and removed by loosening the thumbscrew and sliding the components out of the interlocking state. Assembly can be completed within minutes. Upholstery fastens with hook and loop, facilitating removal and replacement of covers.

### WARRANTY

Transformations warrants all products against defects in materials and workmanship, and against structural damage incurred through normal use, for the specified warranty period (see product warranty chart). Some exclusions apply; see warranty document for details. The warranty is valid from the date of purchase to the original purchaser.
